

Schedule 2 and 3 Controlled Drugs Will Now Be Sent Electronically

As of the **11th of March 2019**, we will be able to send your prescriptions for **all controlled drugs** via the electronic prescription service (EPS)

This includes:

- Morphine
- Tramadol
- Oxycodone
- Pregabalin
- Gabapentin
- Temazepam
- Fentanyl
- Methylphenidate
- Buprenorphine
- Diamorphine
- Midazolam
- Tapentadol

This change means that we will, usually send prescriptions for the above medicines directly to your pharmacy of choice and you will not have to come in and collect a paper prescription.

Thank you,

The Chiswick Health Practice.

Please note: Pregabalin and Gabapentin will be schedule 3 controlled drugs from 1st April 2019. Prescriptions for Schedule 2 & 3 CD's are valid for up to 28 days from the date of signing.
